Dr. Joseph Hoyle - Doctor of the Day

Dr. Hoyle with Rep. Robert Williams - Florence and Rep. Gilda Cobb-Hunter - Orangeburg

Dr. Hoyle with Rep. Bill Clyburn - Aiken

Dr. Joseph Hoyle served as Doctor of the Day on March 31 at the SC State House. Doctor of the Day is a South Carolina Medical Association (SCMA) program in which doctors volunteer during the South Carolina legislative session. The Doctor of the Day gains insight into the actual procedures and personalities that shape the laws of our state, and helps Senators and Representatives get to know physicians beyond testifying and meeting with them on bills. To learn more about our providers, visit hope-health.org.

HopeHealth's **Infectious Diseases (ID)** team offers a range of services, including clinical care, prevention, case management, medication assistance, and community awareness and education. HopeHealth offers ID services in Aiken, Orangeburg, and Florence. For more information, call (843) 667-9414 or visit hope-health.org/services/infectious-diseases/.

Hope in Every Step

Are you or a loved one facing a substance use disorder? HopeHealth offers **Substance Use Disorder (SUD)** treatment services in Florence, Manning, and Orangeburg, including assessments, drug screenings, and counseling for opioid and other addictions. Additionally, we offer access to Medication-Assisted Treatment, and other services such as psychiatry care, counseling, and psychotherapy to provide patient support. At HopeHealth, there is hope in every step. Ready to learn more? Call (843) 432-3690.

Save The Date For National Health Center Week

HopeHealth will celebrate **National Health Center Week** from August 2-8 with employee appreciation activities, community events, patient resources, and more. National Health Center Week is held every August to bring awareness to the importance of community health centers like HopeHealth. The celebration includes contributions from community health centers throughout the country, highlighting their missions and accomplishments while encouraging support for local centers. This year's theme is "Building Innovative Care Where It Matters Most." HopeHealth will be emphasizing the importance of people and partnerships in making innovation possible. Employee, patient, and partner activities will be held throughout the week, and employees will be encouraged to take photos and share them with the #NHCW26 hashtag. Support community health centers like HopeHealth by signing up to become an advocate at hcadvocacy.org.

Patient Experience Week

HopeHealth staff celebrated **Patient Experience Week** by highlighting the meaningful relationships, compassionate moments, and dedicated efforts that define the care experience across all our sites. This year's theme, "Patients Are the Heart of Who We Are," reflected a shared commitment to placing patients at the core of every interaction, decision, and service we provide. Staff celebrated the week by enjoying employee acknowledgment and providing patient-focused engagement with resources and information. To become a HopeHealth patient, call (843) 667-9414 or visit hope-health.org.

compassionate
care ♥ fund

HopeHealth patients may experience barriers to their health care needs that cannot be met directly by our providers. The Compassionate Care Fund exists to contribute to these unmet needs, such as the cost of specialty care and emergency assistance.

HopeHealth Staff Receive Awards

Alanna Scott, PharmD, BCGP, Director of Clinical Pharmacy, received the 2026 American Pharmacy Association (APhA) Immunization Champion Award – Individual Practitioner. This award was presented based on impact, collaboration, innovation, the ability to overcome challenges, and the creation of new opportunities to expand immunization services and improve vaccination rates.

Dr. Supen Patel received the 2025 Yvonne Van Camp Quality Improvement Award for his passion for innovation in rheumatology. Driven by a desire to expand services for patients with rheumatologic conditions, Dr. Patel was instrumental in developing infusion services at HopeHealth. In addition, he has provided invaluable training and mentorship to providers within the specialty.
